RG

**WINDOWS AND PANELS:**  
 Once you have chosen the door it is usual to fit the largest windows in the remaining space.

You can choose ANY window in ANY position in ANY wall.

**GLAZING:**  
 You can choose  
 Float Glass  
 Safety Glass  
 Double Glazing  
 Safety Double Glazing

**ROOF COVERING:**  
 Generally Felt Shingles, choose Green, Brown or Black or in some situations choose Metal Tiles.

**CANOPY:**  
 Completely optional. Generally 1.0m deep but you can choose ANY size up to 4m deep. If no canopy required overhang is 360mm.

**PARTITIONS:**  
 You can split the cabin into rooms ANY way you wish

**LOFT:**  
 You can choose a loft over inner rooms. (This requires extra height or changed roof slope)

**DOORS:**  
 Doors can be fitted ANYWHERE  
 You can choose Double Door Or Single Door.

Standard Height Or Extra Tall

Solid, 1/2 Glass, 3/4 Glass or Full Glass

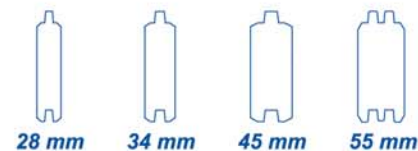

**EXTRA HEIGHT:**  
 It is easy to add extra layers of logs, ANY amount.

**DEPTH:**  
 You can choose your ideal depth. The list shows the depths at which the prices change but YOU can choose ANY size in between or larger sizes.

|       |       |       |        |
|-------|-------|-------|--------|
| 2.45m | 4.50m | 6.50m | 8.50m  |
| 3.00m | 4.80m | 7.00m | 9.00m  |
| 3.35m | 5.50m | 7.50m | 9.50m  |
| 3.95m | 6.00m | 8.00m | 10.00m |

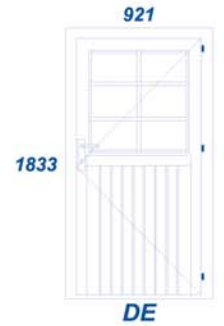

**INSULATION:**  
 You can choose Insulation for the Floor and/or Roof

**LOG THICKNESS:**  
 All cabins are available in ANY of the Log Thicknesses. We do not usually go above 3.35m in 28mm Log. The thicker the log the better the insulation, appearance, strength and weight.

**VERANDA:**  
 Completely optional. Generally 1.5m deep but you can choose ANY size up to 4m deep.

**WIDTH:**  
 You can choose ANY width. The pictures top and bottom show the most common widths and the various arrangements of doors and windows. But you can have whatever you like and up to 10m wide.
